

## **THIRD GRADE**

**Prayer is an integral part of Third Grade with a daily decade of the rosary. Book reports include project and oral presentations. Students practice paragraph writing with an emphasis on constant cursive writing. Students learn the states and capitals and participate yearly in Junior Achievement. Seating arrangements are changed monthly to encourage a variety of student learning situations.**

**Field trips have included the Artist in Residence, Bent's Fort and Mr. Goodbody. Science Olympiad stretched our academic minds but the Science Fair pushed the students to the next level. Daily Oral Language occurs in the afternoon with a review of the local newspaper's Mini Page. Letter Grades and the Honor Roll are introduced at this level.**
